Con-way Freight

Safety Incentive Program
Introductory Letter

As we continue on our world class Safety journey and adapt Lean principles, it is imperative to put our employees and their safety first. In order to create the safety culture shift we want in our company and send every employee home safely, we listened to the voice of the employee.

Feedback was the previous incentive program lacked recognition for employees’ safety accomplishments and there was difficulty knowing when an award was achieved. As a result, we updated our incentive program and added a Quarterly Service Center Recognition Day to help drive safe behavior. These updates make the goals more achievable and increase peer recognition.

To reach our safety goals, it is necessary for all employees to embrace our Safety Principles and be leaders at their locations. Only when all employees put safety first will all Con-way Freight employees return home safely.

Summary

Reward Points Redemption

In the Safety incentive program, employees may be awarded reward points for driving safe behaviors, living the safety principles and ensuring the safety of others.

When Safety reward points are achieved, employees may redeem reward points for awards of his/her choice from the Con-way Rewards page on the Employee Portal. There is a wide assortment of awards to choose from, with something for everyone at various reward point levels.

- Reward points are redeemable for merchandise items such as: power tools, camping and fishing gear, electronics and more.
- The Con-way Rewards page features travel packets and Con-way Freight branded merchandise.

Quarterly Service Center Recognition Day

The Quarterly Service Center Recognition Day is a quarterly event held to recognize employees who have earned awards at their Service Center.

- A quarterly report will be sent to Service Center Managers listing all employees to be recognized.
- All awards achieved during the quarter should be present to employees at this time.

Contact Information

For more information about the incentive program contact your Safety Manager or Kalen Gaujanian at Gaujanian.kalen@con-way.com or 734.757.1346.
**Individual Award**

**How to earn award reward points**

All eligible employees earn reward points for every consecutive 30-day calendar period worked without a preventable crash and injury, including forklift crashes. Reward points are calculated using the following formula:

- “Employee Classification Factor” x 100 = “Total Reward Points Earned”

**Eligibility**

Every full-time Con-way Freight Service Center and Shop employee is eligible to participate in the Individual Recognition Awards safety program. Supplemental and part-time employees are not eligible.

**Employee classification factor**

- Driver Sales Representatives 3
- Mechanics, dock workers 2
- All other eligible employees 1

Example:

- Driver Sales Representative
  - 3 x 100 = 300 reward points
- Mechanic
  - 2 x 100 = 200 reward points
- CSR
  - 1 x 100 = 100 reward points

**Preventable crash or injury**

Every preventable crash or injury will result in an employee not receiving individual point awards for one year from the date of the crash or injury regardless of safety performance.

- During that one-year period, reward points are not awarded for individual performance.

**What to do when an employee earns an award**

Employees will automatically receive reward points for their award. Service Center Managers can follow the steps below for recognizing employees:

1. Review quarterly FCB for the Quarterly Service Center Recognition Day
2. Search by SIC for your employees
3. Recognize employees with an Individual award at Quarterly Service Center Recognition Day.
4. For questions, e-mail Kalen Gaujanian at Gaujanian.kalen@con-way.com.
   a. Subject line should state: ‘EMP Name & ID, Request Description’
   b. Body of request to include: Detailed information and/or questions
Clean Roadside Inspections Award

How to earn award reward points
Award reward points will be given for all clean roadside inspections in a Commercial Motor Vehicle. Inspections, however, cannot be as a result of another violation (i.e. traffic violations).

- Drivers must turn in all inspections to their manager or supervisor immediately. The manager or supervisor must then fax or email a copy of the inspection to the Safety Department at the Con-way Field Support Center (CGO) at:
  - Email: RSI2@con-way.com
  - Fax: 866.820.0554

Eligibility
All Con-way Freight employees with a CDL license who operate Commercial Motor Vehicles under Department of Transportation (DOT) operating authority.

Who performs Roadside Inspections?
Roadside inspections are performed by qualified safety inspectors following the guidelines of the CVSA North American Standard.

- An inspection is conducted by a DOT authorized inspector. These are often times law enforcement officers, but not all law enforcement officers are DOT inspectors. DOT inspectors complete Driver/Vehicle Examination Reports. The results ultimately create our company’s CSA scores.
- Most roadside inspections by the states are conducted under the Motor Carrier Safety Assistance Program (MCSAP), a grant program administered by the FMCSA.

Reward points

- 8,000 reward points awarded for each clean inspection on any level.
- 16,000 reward points awarded during the annual CVSA Roadcheck in June.

Roadcheck
Roadcheck is an inspection campaign coordinated by DOT which takes place over a 72 hour period in June and can affect our CSA score.

- Approximately 14 trucks or buses will be inspected every minute by thousands of certified inspectors across the country.

What to do when an employee earns reward points
Employees will automatically receive reward points for their award. Service Center Managers can follow the steps below for recognizing employees:

1. Review quarterly FCB for the Quarterly Service Center Recognition Day.
2. Search by SIC for your employees.
3. Recognize employees with clean roadside inspections at Quarterly Service Center Recognition Day.

Team Recognition Award

How to earn a team celebration

All employees assigned to a location can earn a team celebration for working periods of time (calendar days) where the entire team has no preventable crashes and injuries, including forklift crashes. A Service Center with a shop facility is considered a single location.

- When a period is reached, all active eligible employees on the date of achievement within the single location will earn a team celebration.
- The Field Support Center Safety department will communicate with the Service Center Manager and provide the vendor information to order necessary supplies.
- Service Center Managers will receive a Team Recognition package with all needed supplies other than food for the team celebration.
- The Service Center is financially responsible for the team celebration.

Eligibility

Every regular, associate, supplemental and part time Con-way Freight Service Center and Shop employee.

Award Periods

Eligible employees receive a team celebration for each designated period their location achieves their goal without a preventable vehicular crash and industrial injury.

- The period of time (calendar days) required to earn the team award depends on the class size of the location.
  - Service Center class size x 15 days = Team Award period
- The applicable time periods for each class location are as follows:

<table>
<thead>
<tr>
<th>Class</th>
<th>Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Class 1</td>
<td>15 calendar days</td>
</tr>
<tr>
<td>Class 2</td>

Frequently Asked Questions

Why is the incentive program changing?
- In response to feedback from the field and to drive performance, the incentive program is becoming more recognition based.

Will a Service Center’s current safety record still count?
- Yes, a Service Center’s injury and accident free days will continue based on their current safety record.
- To avoid confusion over when a Team award is won with the revised program, the safety record for the Team award will restart beginning January 1, 2013.
  - This does not affect the Service Center’s overall safety record.

Team Awards:

Why change team awards?
- Team awards have been altered to make goals more achievable and foster teamwork in all Service Centers and shops.

Why are reward points being removed from the Team Award?
- In developing this program, feedback from the field indicated recognition should be a focus instead of reward points. Team awards will be celebrated when achieved.

Why are Service Centers receiving a Team Recognition package?
- When Service Centers win a team award, each Service Center celebration will be standardized across regions and have one point of contact for supplies.
  - The Field Support Center Safety department will communicate with the Service Center Manager and provide the vendor information to order necessary supplies.
- Working with Lean, the Team Recognition package was developed to increase productivity by having the majority of a team celebration needs taken care of for the Service Center.

Who pays for the team celebration?
- While FSC will help coordinate the Team Recognition kit with the vendor, the Service Center is in charge of the team celebration, including costs.
- The Team Recognition package will cost $36.50 for the banner (only purchased for first win) plus $2.40 per person for each win.
- Service Centers are responsible for supplying food for celebrations.
- Example
  - Garland, TX (LGT) wins their first safety award. The SC has 86 employees. They receive:
    - Banner - cost: $36.50
    - Team Recognition kit – Cost: $2.40pp x 86 = $206.40
- Total cost for first win is $36.50 + $206.40 = $242.90
- Total cost for each additional win = $206.40 (assuming employee count stays the same)

**Why isn't food included in the Team Recognition package?**

- The Team Recognition package is to make these celebrations as easy as possible to plan and execute. However, in developing this program, feedback was Service Centers would still like to purchase their own food based on their own needs.
- Although there are guidelines for the types of food for team celebrations, Service Centers can substitute food recommendations for local or regional types of food within the same price range.

**How long will it take for the Team Recognition package to arrive?**

- Once the Team Recognition package is ordered it will be shipped the next business day from the vendor.

**Can a Service Center win more than once?**

- Yes, each time a Service Center hits a team award, they receive a celebration. If a team reaches another team award, Service Center Managers need to contact the vendor who will send the service center another Team Recognition kit including another safety star to add to the banner.
- If a team reaches another team award consecutively, their celebration package is upgraded.

**Can I combine team celebrations if we win consecutively?**

- No, celebrations are meant to highlight each achievement to recognize employees for their continued safety efforts.

**Individual Awards:**

**Did the individual award change?**

- No, reward points will continue to be awarded to employees for every consecutive 30-day calendar period of safe driving and working.
- Employees will be recognized quarterly.

**Clean Roadside Inspection:**

**Why incentivize clean inspections?**

- Properly maintained equipment keeps you and those you share the road with safe. Clean inspections keep your CSA score – and the company’s – in good standing.
- Clean inspections keep our trucks rolling and heighten customer confidence levels by showing our commitment to the safety of the motoring public and we care about their business.
- Clean inspections fall under multiple rooms of our Strategic House: Safety Culture, Pricing and Sales Sophistication and Cost and Efficiency. Pre-trip inspections will ensure we are getting freight to our customers safely and on time.
What qualifies as an inspection?
- An inspection is conducted by a DOT authorized inspector. These are often times law enforcement officers, but not all law enforcement officers are DOT inspectors. DOT inspectors complete Driver/Vehicle Examination Reports. The results ultimately create our company’s CSA scores.

Will an inspection with just a warning be counted as a clean inspection?
- No, this is not a clean inspection. CSA counts all violations/warnings noted on an inspection. If any violation/warning appears on the inspection report, this is not a clean inspection.

Why am I being held responsible for violations out of my control?
- All violations affect the Company and/or DSR inspection history. For this reason, clean inspections without ANY violations/warnings will only be eligible for this program.

Who can I direct questions to regarding CSA?
- Contact your Safety Manager or rsi2@con-way.com.

Special Recognition Awards:

When do I achieve a special recognition award?
- As drivers continue to reach new safety milestones, it is important to recognize their achievement. Eligible employees can achieve a safe driving and working award at 5, 10, 15, 20, and 25 year milestones.
- Awards are celebrated quarterly in Service Centers.

What happens if I have an accident or injury?
- Each preventable accident or injury stops accrual time for one year from the date of the event.

Can I lose accrued time?
- Going forward, you will no longer lose accrued time when you have a preventable crash or injury. Employees will keep their accrued time but be delayed a year from their last preventable crash or injury before they can continue accruing time again.

Why are the safe driving and working awards starting at 5 years now?
- Feedback was to increase recognition from peers involving larger milestones in place of the 1 and 3 year awards.

Distinguished Driver Recognition (Safe Driving Award):

Can a driver receive a safe driving award twice?
- Yes, the award has been updated to better recognize employee’s accomplishments. If a driver has an accident after reaching a safe driving milestone, their miles of safe driving start at zero.
- Now, drivers will be awarded for reaching previously reached 1 million or 2 million milestones.

Do I receive the same awards if I reach a safe driving award more than once?
- Yes, employees will receive the same awards including:
  - Jacket
